

“We chose Evolution1 because they understood our business vision and have the tools to help us achieve our goals.”

—John M. Biber, President, Discovery Benefits, Inc.

With nearly 7 million consumers using Evolution1 to manage their consumer-driven healthcare accounts, Evolution1 is the nation’s largest healthcare solution.

As the cost of corporate healthcare rises, so does the demand for consumer-driven health plans. In fact, the Blue Cross Blue Shield Association projects HSA deposits in the U.S. will exceed \$300 billion by 2012. Evolution1 is committed to helping you grow your business by serving your clients’ needs for integrated solutions to manage HSAs, HRAs, FSAs, and Transit Plans.

Lighthouse1 is a cloud computing solution offering you a complete, integrated platform with 1,100 unique plan designs and easily customizable reports and automated alerts.

We have assembled a **world-class team** of experts in technology, healthcare and banking to bring you innovative, industry-leading products and services.

You can **get started quickly and cost-effectively** with Lighthouse1, knowing you are backed by leading industry experts.

And, you can be assured **we’ll support you** with the highest levels of IT expertise and regular additions of new, productivity-enhancing features.

**Lighthouse1:**

- Provides a single, integrated platform to manage all healthcare accounts.
- A cloud computing solution that delivers 100% uptime with SAS 70 Type II certified data centers.
- Benchmarks your processes against your peers, helping you continually gain efficiencies.

**Administrators and brokers can easily add their logo and company information, helping to reinforce their brand value to employers and consumers.**

Plan	Effective Date	Eligible Amount	Submitted Claims	Paid	Pending	Denied	Plan Year Balance	Available Balance

Lighthouse1 offers easy-to-use, online forms, reports, and secure, self-service portals that drive high consumer and employer adoption and offer valuable insight to administrators.

“By leveraging Evolution1’s high-performance software, Ceridian can offer new and existing clients greater service capabilities designed to help them better focus on their businesses, while still getting the most value from their employee benefits.”

—Todd Simmons, VP, Ceridian Benefits Services

## Evolution1 is dedicated to driving more dollars to your bottom line.

With the industry’s only dedicated Partner Account Executive Team, we help you grow with strategic account management and operational, sales and marketing, consulting and technical support resources and tools to help you exceed your clients’ expectations.

We have a vested interest in helping you grow your revenue and decrease your costs.

### As you succeed, we succeed.

- Evolution1 Partners retain an average of 98% of their employer clients.
- Evolution1 is scalable—Partners’ client bases range from <1,000 to >500,000 consumers; \$3.9 billion in reimbursement transactions and 49 million claims are efficiently processed annually.
- The top 25 percent of Evolution1 Partners grow an average of 98.7%.
- Several Evolution1 Partners have automated claims entry rates of at least 90%, saving hundreds of thousands annually.

Evolution1 is fully committed to delivering reliable, scalable functionality that you can confidently offer to your clients. By offering your branded Lighthouse1 service, you can grow your business profitably and add value to your client relationships with these powerful features:

- Health FSA, HRA, HSA, VEBA, Dependent Care, Wellness and Transportation accounts are fully integrated in one platform, along with custodial banking services.
- Web-based, fully integrated portals allow consumers, employers and administrators 24/7/365 access to account information.
- Easy online enrollment creates an HSA account within Lighthouse1, along with direct deposit and investment accounts.
- Monthly reports are generated automatically, with email alerts directing recipients to secure portals for viewing—creating a virtually paper-free administration process.
- Our cloud computing model helps you keep IT costs to a minimum.

We offer rapid implementation and data migration, allowing you to get up-and-running quickly and at a low cost.

- Our world-class security specifications and monitoring on high-availability servers provide sub-second response times and trusted, secure custody of data, allowing you to focus on effective plan administration, not IT.
- Our multi-tenant solution enables us to deliver powerful benchmark data, comparing your efficiency to that of your peers. You easily can see how you stack up in areas like growth, turnover, engagement, and cycle times, helping you continually refine your processes to increase your effectiveness.

When you need to work with the best to deliver reliable, trusted, customizable consumer-driven healthcare solutions, turn to Evolution1. Our solutions will help you grow your business profitably and with high levels of client satisfaction.
